RICHMOND PLEASES RICH CARBON FACTORY

John Libezey, Millionaire Manufacturer, Prophesies Great Future and is Glad to Establish Big Factory Here Instead of L. A.

Mr. John Libezey is the president of the American Carbon Company, the large concern which has decided to locate at once with a big manufacturing plant in Richmond. Now that his company has decided to come here instead of going to Los Angeles as they first thought, the officers and directors are all of the choice, and President Libezey prophesies a great future for Richmond and his factory. Libezey is a multi-millionaire, just a plain sort of every day for all that, and says the more he studies the situation here the more he is pleased with it, one big being that Richmond has so much natural gas as well as other advantages as a manufacturing city. The officers of the company are: Libezey, president; Walter W. Libezey, vice-president and general manager; George Venables, secretary; and those with J. B. Libezey and Harry N. Libezey, constitute the board of directors. The representatives of the company are to be in Richmond on the 20th of this month for the purpose of starting active building operations, and from that date on the work will be shoved ahead as fast as men and money can do it. There is to be three large buildings, all joined together, of brick and concrete construction, and the factory will ultimately occupy the three acres which the Herbert Brown

Company donated as a site in the north section of the city, near the old furniture factory and adjacent to the bath tub plant of the Pacific Sanitary Ware Co. About two hundred men will be employed yet this fall, and in due time as the plant is enlarged as planned upwards of a thousand will find employment there.

It is expected that this big new factory will be built, equipped and ready for action on or about September 1st. A part of its raw material will be obtainable from Standard Oil products, which was also a factor in its locating here.

The sign to be erected high over this factory will be a great advertisement, not only for the plant but for the town. It is to be a mammoth glass globe, revolving and with brilliant lighted carbons through it, making a light to be seen for miles. This sign will cost \$2,000 and will light up that whole section of the city.

The American Carbon Company is a large and rich concern, and Richmond is lucky in getting it located here, and the thanks of the community are due to Mr. J. A. Long, secretary of the Chamber of Commerce, for his activity in the matter, and to Herbert Brown for making the donation of over \$10,000 worth of land.

Among the products manufactured will be the finest carbons used in the moving picture industry.

RECEPTION TWO BRIDE

A reception was tendered to Mr. and Mrs. Fred Spaw last evening at the Community Club house, in the northeast section of the city. Mrs. Spaw was formerly Miss Marie Beckman and many friends of the San Pablo neighborhood congregated to give the newly married pair a cordial informal reception and welcome. The clubroom was decorated with bright flowers and cake and punch were served. A social time was enjoyed and congratulations showered upon the happy young man and wife.

SCHOOLS RECONVENE AUGUST 6.
City Superintendent of Schools W. T. Helms announced yesterday that all elementary schools together with the Richmond High School would open for the fall term August 6.

TELEGRAPHIC

INTELLIGENCE

Late dispatches from Petrograd last night state that General Brusiloff is again flanking the Teutonic army and closing in on Lemberg. Many thousands more Austrians have been captured and sent to the rear.

Miss Goldman and Alexander Berkman, two of America's leading anarchists, are on their way to London today. They will spend five years behind the bars and longer if they don't pay their respective \$10,000 fines for interfering with conscription. They were convicted of interfering with conscription.

The United States will lift out and exempt from fighting service laborers vital to the nation, clothing, supplying and equipping armies. South American countries need not fear the United States embargo. Their treatment will be milder than that of neutral nations which are hoarding supplies into Germany.

The 4140-ton twin screw steamer Caledonian was sunk in the Mediterranean, June 30, with a loss of 51, according to official announcement last evening.

HERBERT BROWN COMPANY

DOING MUCH BUSINESS.
The June statement of the Richmond Company shows land sold during the month of June, \$14,250; cash collections, \$13,751. Unsold land is valued by the company at \$1,637,000, and \$1,222,000 is still due on contracts on land sold. The sinking fund has provided for the payment of \$37,600 of the closed mortgage of \$265,000, dated September 6, 1916.

LOCAL BANK GETS U. S. MONEY

The First National Bank of Richmond, through the Federal Reserve Bank of San Francisco, has just been designated as a United States depository, and has received a \$50,000.00 deposit from the government in connection with the United States Liberty Bonds.

CHINKS KILLING MANCHUS;

REPUBLIC WILL LIVE.
PEKING, July 10.—The western army under General Tiao Kun, military governor of Chi-Li, is now within a few miles of the city, while the forces of General Chuan Chi-Kwei are a few miles southeast of the capital. Heavy artillery fire can be heard in that direction. Troops from Kalgan, a town in the province of Chi-Li, have been placed in position to cut off General Chuan Hsuan's retreat toward the northwest. Heavy engagements are expected.

REDMEN RAISE CHIEFS

The Ometah Tribe of Redmen raised their chiefs last night with Dist. Deputy Arata of Crockett putting on the work. They were: N. P. Scott, prophet; W. S. Casey, sachem; J. H. Rich, senior sage; Ernest O'Brien, junior sage; W. I. Lautenschlager, chief of records; L. Michel, collector of wampum; I. N. Jarvis, keeper of wampum. Following the ceremony all repaired to the banquet room and feasted on the elaborate supper prepared by H. J. Heiney, S. Sanfillipe and J. Church.

All arrangements have been completed for the Red Cross benefit dance to be given at East Shore Park Saturday night, July 14.

RICHMONDITE CREATES RIOT

Circulates Anti-Draft Petition and U. S. Investigates.

Miles Humphrey, formerly a fireman on the Santa Fe railroad here, and lately employed at the factories, being a young man who did not like the way the U. S. Government went about its draft modus operandi, proceeded to circulate an anti-draft petition among his fellow workers, and succeeded in getting quite a number of signatures.

Sombody reported Mr. Humphrey's anti-draft activities to the local police department, and they not knowing just what might be necessary in the premises called on the Government Secret Service Dept. at San Francisco for instructions. Accordingly yesterday a Deputy United States Marshal came over to Richmond to investigate.

Humphrey and his petition were looked into and the Government official said he saw nothing reckless or against the law about it, although it was exceedingly flippant and of an insubordinate nature. The document was in the nature of a petition to the Government to get a note or expression from the people before proceeding with the compulsory draft of men into military duty, and inasmuch as anybody has a right to petition his government to do anything not unduly or injurious to the rights of others, the Deputy concluded that it was not necessary to interfere with this right of petition.

Last night there were rumors around town that Humphrey had been arrested and was into all kinds of hot water, but this proved unfounded in fact. The News learned at a late hour last night that at present no attention would be paid to the matter, by either Government or local authorities.

POINT POINTERS

Mrs. H. Hullin and son Matthias of Sacramento, are guests at the home of Mrs. Richard Splersch.

Mrs. J. C. Eicher of Oroville, who has been visiting with her daughter, Mrs. McGuffin, returned home yesterday.

PAULINE FREDERICK IN 'HER BETTER SELF'

Margaret Turnbull, who wrote the original story of "Her Better Self," opening today and tomorrow at the Richmond Theatre, a Famous Players-Paramount production, starring the talented Pauline Frederick, is one of the most brilliant young writers of the country.

Miss Turnbull was born in Glasgow on the banks of the Clyde River, Scotland, but came to this country at an early age, living in New Jersey. She has written many well known books and plays, but of late has turned to the field of motion picture scenarios. Some of her best known original scenarios are "The Bachelor," "The Chief," "The Secret Sin" and "Broken Goods." She has also written adaptations of many famous masterpieces from literature and the stage.

"Her Better Self," Miss Turnbull's latest original motion picture play starring Pauline Frederick, is one of the best productions in which the attractive young actress appears. See it at the Richmond Theatre.

Mrs. Mary Paradine filed suit for divorce against George Paradine, on grounds of cruelty. W. C. Ferrel is sued also for cruelty by Mrs. Rose Ferrel.

Frank H. Lottman's second trial is set for next Wednesday before Superior Judge Ogden in Oakland. He is charged for manslaughter for running down Policeman Gillem in Oakland. The first trial resulted in a hung jury.

A rising wage scale is planned for the police department as follows: \$90 per month for first year, \$95 the second year, \$100 after completion of second year, with \$120 for sergeants; no advance fir chief.

Mirtimer Veale, the son of Sheriff Veale, has enlisted in a submarine chaser, company. He has been notified to appear at the San Francisco naval headquarters. Malcolm Bolland goes with him.

Mrs. C. Morgan and son are here visiting with her husband, who is day foreman of the News.

The tickets for the Shriners Red Cross benefit dance to be held at East Shore Park July 28, are going like hot cakes, so you'd better get yours in time, while there are any left.

Mrs. A. Albert of Sacramento, is here visiting her mother, Mrs. Drake at Stogo.

KAISER AGAINST PEACE; WILL FIGHT TO DEATH

Vallejo Naval Explosion Sky Pilot- Monarchy, On Run In China- Drunkards Burn In S. F.- Another Three Billion Loan

KAISER AGAINST PEACE

LONDON, July 10.—It is reported in Amsterdam, says the correspondent of the Exchange Telegraph Company, that the resignations of Dr. Karl Helfferich, the German vice chancellor and secretary of the interior and Dr. Alfred Zimmermann, the German secretary for foreign affairs, have been decided upon by Emperor William.

ROTTERDAM, July 10.—The Kaiser presided at a crown council held yesterday at the residence of Chancellor Von Bethmann-Hollweg, said a dispatch from Berlin today. All the imperial Prussian ministers were present.

ZURICH, July 10.—"Germany must fight to the last gasp." With these words, Dr. Von Bethmann-Hollweg announced to the world that peace is far distant, said an official dispatch from Berlin today.

The Lokal Anzeiger of Berlin quotes the chancellor as saying further: "Germany must continue in the war with all her energy at her command. I do not deny that we face great difficulties in our domestic affairs that must be overcome, but we must not forget our enemies have the same troubles."

WHISKY-SOAKED MEN

BURN TO SAN FRANCISCO
San Francisco, July 10.—King Alcohol and grim death brood today over the ruins of the buildings at the Embarcadero and Washington street that were destroyed by flames last night. Five men lost their lives, two were injured and many helpless drunken men were trapped who would have perished but for the gallant work of firemen and policemen. The known dead are John Mahony, a marine fireman; George Burks, an electrician, and T. S. Williams, a retired ship captain. The loss was estimated today at \$60,000.

The exact cause of the fire may never be known. It is assigned by the police first to cheap whisky and second to a cigarette.

SPY PLOT THEORY

STILL HELD AT VALLEJO
VALLEJO, July 10.—The explosion is believed to have been due to a conspiracy and there are rumors that arrests may follow within the next 24 hours.

One navy yard employe has advanced the theory that the explosion may have been started by a shot fired into the magazine from a hill.

Throwing still greater mystery on the affair, is the finding of fragments of metal near the gas works in Vallejo, which, it is said, may have been part of the bomb. The discovery of a piece of mechanism resembling mutilated clockwork also is reported.

While refusing to admit that he has received any definite suspicions that the explosion was due to "outside agencies" or spies, the federal attorney says that the people of the United States should be on their guard. He said:

"I have held right from the start that it was time for us to be on our guard. It is for the people here to understand that the seriousness of war business demands the greatest watchfulness."

The spy theory, held by many, is supported by the story which was disclosed a few weeks ago regarding an attack made on a marine guard post and the land out about a week ago.

The marine was on duty in a lonely and dark part of the island when he challenged a stranger. The latter refused to halt and when the marine threatened to shoot he was struck by a falling blow over the head from behind and rendered unconscious.

MORE BIG WAR LOANS

TO BE OFFERED SOON
WASHINGTON, July 10.—A new war loan of \$5,000,000,000, the second installment of the Liberty Loan of 1917, will be offered to the public at a 3 1/2 per cent on September 15. It was learned at the Treasury Department today. Already officials are laying the ground work for floating the huge issue, the largest ever offered in the history of American financing. This issue will dispose of the entire amount of war bonds authorized by Congress — \$5,000,000,000. As soon as the loan is completed, treasury officials and congressional leaders will begin work on a new war bond program which will result in the voting of another big credit, probably larger than the present one, next spring, if the war is not ended then.

HATTERS' HOMES ORDERED SOLD

Court Decries Action to Satisfy Judgment Against Them.

CASE LONG IN LITIGATION

When When Suit Was Brought Against Hatters' Union by D. E. Lowe & Co.—Boycott of Product of Factories the Charge—Judgment Was Rendered For Company.

A decree ordering the sale of the homes of 140 workmen in Danbury, Bethel and Norwalk, Conn., to satisfy the judgment in the Danbury hatters' case has been signed by Judge E. S. Thomas of the United States district court, sitting in New Haven, Conn. Sidney E. Hawley is made special master to conduct the sales, which will begin July 16 and continue until Aug. 9. The plaintiffs are D. E. Lowe & Co., who brought suit against a union boycott of the product of their hat factory. The judgment was for \$252,190 damages. Nearly \$60,000 has already been paid on account, but the accumulation of interest amounts is such that about \$250,000 is still due. There are 130 pieces of property in Danbury and Bethel and ten in Norwalk. Their sale is expected to yield something like \$200,000, leaving a deficiency judgment.

The decree marks the end of the case, which is now in its fourteenth year of litigation. At the inception of the case in September, 1903, the hatters' union entered into a written agreement with each of the defendants whereby it agreed that "it would pay all of the expenses of such defendants and save each individual from all liability," the union announcing that "those attacked will be put to no greater expense in the matter than any other member."

Late the American Federation of Labor took over the defense and pledged "much financial support as may be necessary in the pending contention." From that time on the federation was in charge until a judgment against the defendants was affirmed in the United States court in 1914, when it disclaimed further responsibility in the matter. Later the federation took up a voluntary contribution which is said to have yielded about \$150,000.

Lowe & Co. announced that if the sum was paid over to the plaintiffs it would discontinue all proceedings and give the defendants a release. The unions are said to have declined to do this, and the plaintiffs then took steps to obtain satisfaction of the judgment. It is said that the unions have declared that they will indemnify the defendants after their homes are lost.

ABOUT PATRIOTISM.

Christine Torture, Harriet of the Vigilantes Telle What It May Mean.

Patriotism means a lot to most of us when it is accompanied by a sort of grand stand play. We can all feel thrills and chokings in our throat at the sight of Old Glory borne up the street ahead of a brass band playing patriotic airs. The time when we get over that and feel the hardships of a patriot is when we go home and plan for meals or count up the change left after doing the day's marketing, or debate upon what we can afford to have for dinner. Then we shed our trailing robes of glory and begin to grumble like any unimpaired creatures who have never cheered a flag or kept step to a martial tune.

"Why were we ever drawn into this wretched war?" we cry. "Look at the price of meat and vegetables! Do you know what I had to pay for my last bag of flour? It's a shame that the necessities of life should be taxed like this! No, children! You cannot have cream on your strawberries, and I'm not sure I can afford to get the strawberries! Such a nuisance having to pinch and fuss like this. I am sick to death of it!"

Just then and there you show that you don't know all patriotism can mean to a woman. Stop and think why everything is high priced, why you have to scrimp and strive. Here is where you have your chance to show your patriotism!

What are we doing as a nation? Why were we "drawn into this war?" You may be able to answer promptly enough that we are working to support democracy and freedom against militarism and autocracy. But have you ever thought that the little economies that fret and harass you are your part of this big business?

It is very fine to wear a badge and join a canteen contingent or a Red Cross unit and trot about to meetings and hurrah for the flag. But if you do your "bit" in another way you are serving your country just as much, although in a smaller measure, as if you volunteered for some spectacular service that kept you in the public eye.

Glorify your small renunciations and worries by calling them by their true names, sacrifices you are bearing for the sake of your country, in order that you may be able to do more for those who have infinitely less than you. Don't be afraid to say that it is patriotism which keeps you cheerful when you have to cut down here and pare off there and do without somewhere else. Tell your children that these minor privations, like the bigger ones borne by our brothers and sisters across the sea, are endured for freedom just as much as the trials of the pioneers from whom we are proud to trace our descent.

Hold your head high; remember that a hero is only one who does more than his duty and go about your daily round of work with the bearing and the heart of one who is qualifying to have a cross of war pinned to her kitchen apron.

Order of Precedence. In a narrow path or whenever it is necessary for persons to pass others in single file, the man permits the woman to precede him. In this as in many other details of etiquette both the man and the woman should be informed as to their respective duties. Nothing is more embarrassing, for instance, at a muddy crossing than a mixup and delay occasioned by some body's ignorance of this rule.

SHAPSHOTS AT THE FARMING SHOW AS IT PASSES.

The local lodge of Fraternians hope to raise \$1,000 by the sale of tickets to their picnic to be given July 29, for the benefit of Norman Embree, a steel worker who was recently stricken blind. The object is most worthy, and Charley Donnelly, S. McKinley, Al Ledebur, C. E. Clark, M. Stratton and Harry Gard, of the committee, are working hard.

Do not forget that big dance and good time which the Knights of Pythias are getting up for July 21, at East Park Shore. It is to be a humdinger. Fred Lutz says so, and Fred is truthful.

Attention is called to the run of special sales now running at the Schrader furniture store. And attention is also called to the fact that this is one place in Richmond that does not fear any competition which San Francisco, Oakland or any other place can put up. Schrader has the goods, he makes the prices, and he gives the terms. What more could be asked? All of this will bear the strictest investigation.

The Midsummer Bazaar of the Ladies of the Wesley M. E. church is to be held on the 26th inst. and preparations are now being made to ensure it a success from every standpoint. Mrs. Arthur Howard, Mrs. E. L. Jones and many other ladies

are at work on the program, which is to be exceptionally good this year.

At the midweek session of the city council this afternoon the new tree planting ordinance will be passed. It is proposed to make Richmond the city beautiful, as well as other things.

Bert LaMoine writes home to his brothers from the fighting front in France that he expects to get into the thick of it now most any time. Maybe he will meet other Richmond boys there in due time.

Editor Jack Galvin journeyed to wicked San Francisco yesterday, unchaperoned. This ought not to be.

Miss Evelyn McCormick, celebrated artist of San Francisco and Monterey, spent a few days visiting her friends, Mr. and Mrs. F. J. Southernland in Richmond.

William DeLand came in from Turlock yesterday, where he has a contract on the state highway. He says it is hot enough for anybody down there.

Mr. E. B. Huellet, chemist of the Stauffer Paint Works at Stege, has returned from his vacation at San Jose.
